

## Student Photo Response Form

Dear Parents,

During the school year, there are occasions when students may be photographed individually or in a group and the pictures reproduced publicly. For example, a photo taken at school might be featured in the News Herald, included in our school or district annual report, posted in a public area or on our school web site.

Pictures appearing on the school web site will not have the students' names identified for privacy purposes. Pictures appearing in school yearbooks are for internal school district distribution and are not considered public dissemination.

Please check the appropriate box and sign and return this form to the school office.

- I authorize my child(ren)'s photographs to be used by the Southgate Community School District for informational and educational purposes.
- I do not wish my child(ren)'s photo taken or released for public purposes.
- I do not wish my child(ren)'s photo to be in the school yearbook.
