

## ADVISORY TO PARENTS/GUARDIANS

Dear Parent/Guardian:

As part of the Southgate Community School District's pest management program, a Contracted Service Company, performs a Pest Management Program inspection of our **buildings once a month**. At that time, a visual inspection is performed, if further treatment is needed, corrective measures will be put in motion **during non-occupied hours**. Pesticides are occasionally applied on non-school days; you have the right to be informed prior to any pesticide application made to the school grounds and buildings. We have used pesticides for many years in our District and have experienced no problem to date. We anticipate few, if any changes from prior use, but we are obligated by law to inform you of anticipated use. In certain emergencies, pesticides may be applied without prior notice, but you will be provided notice following any such application. If you need prior notification, please complete the information below and return it to:

Southgate Community School District  
14600 Dix-Toledo Rd  
Southgate, MI 48195
